## Take the B4P Field Trip

*“The trip of a lifetime!”*

Field trips bring studies alive. Experiences makes the abstract concrete. Encounters can spark a joy that becomes a passion. Many Christians today have never had a chance to be transformed by a field trip exploring Christ’s miracles. Maybe you read about Jesus Christ performing wonders, but never had an opportunity to do a field study. B4P is providing an opportunity for delving into scripture and experiencing healing prayer. This fall, you can take an online field trip with B4P missionaries, which many have called the trip of a lifetime!

In 1991, on my first journey to Israel, I prayed through Bethlehem, stood on the shore of the Sea of Galilee, walked around Cana, all places I had read about. While growing up and through adulthood, I believed in the existence of these places. I believed Jesus had been there. He was the miracle in Bethlehem and demonstrated miracles in the other locales. Yet, I realized on some level, the Bible had been like a fairytale until I actually put my feet in Israel. The result was a deeper connection, fresh understanding through the Holy Spirit, and a new vibrancy in my

Scripture reading. Ah, the benefits of a field trip.

In decades of leading B4P teams to preach the Gospel and lay hands on the sick for healing, some missionaries have told me they were skeptics whose motivation in serving was “to see miracles”. I appreciate skeptics. Actually, I’m a skeptic myself. I want proof. I am what is termed a “resistant learner”. But when I’m convinced, I write books about it! These missionary skeptics wanted to experience miracles firsthand. That is ex-

actly what Jesus wants. On mission, they were used by God for miracles and freed from skepticism! After experiencing Jesus as miracle worker, they no longer think of Jesus as only a supportive, loving friend. They know God has more for us than an encouraging “hang in there” waiting for heaven. They can no longer think of Jesus as Casper Milquetoast.

My Dad used to describe an ineffective character as a “Casper Milquetoast”, star of the cartoon series “The Timid Soul”. There was and is nothing timid about Jesus, but many have mistaken Jesus for Casper and have rejected Him. The Bible describes a generation that never knew God, never experienced the miracles of God. (Judges 2:10) Their grandparents saw miracles, but somehow it was never effectively communicated to the offspring. They had not encountered the omnipotent power of the Almighty God, but they were interested in spiritual things. As a result, they did evil in God’s sight worshipping the idols of neighboring nations. They abandoned the Lord. This scripture is sad, startling and, unfortunately, familiar.

In the New Testament, our “forefathers” (those baptized into Christ) believed in miracles. They experienced the miracles of Jesus Christ. In obedience, they demonstrated miracles in His Name through the power of the cross. And what has happened? Many church-goers do not know Jesus as a miracle working God. Once again, history repeats itself and people turn from Him to embrace evil philosophies. A man described himself to me as having been raised in a church-going family, having studied religion in university, and having been “zealous” about his religious beliefs. Now thirty years later he says, “Jesus never died on the cross. That is just a hoax so religious leaders can keep us in line.” History becomes legend, and legend becomes myth. He never took the miracle field trip.

God has urged B4P to go after “the most resistant” to the truth of the Gospel. I believe you know people who can be described as resistant or as skeptics. B4P wants to equip you to demonstrate the truth of miracles. Foundation for Healing is a journey through scriptural teaching and provides a comfortable framework to pray for others. B4P missionary teachers share decades of practical

experience. We provide a safe place to learn how to pray for those who are sick, depressed, and in need.

You believe in miracles, but have you seen them? Has God used you to deliver miracles? Do you know why we see miracles? Do you know miracles are a part of your inheritance in Christ? If you answered “no” to these questions, join us for an amazing field trip of discovery. If you answered “yes” to these questions, join us for a great experience of fellowship among disciples of Christ.

We are planning a field trip to introduce people to Jesus, the God of miracles. We will plunge into the refreshing waters of the Word of God, activate the power of the Word, and expect to know Jesus Christ more fully through the Holy Spirit.

We talk about what we live. When miracles are part of our lives, we weave them into our discussions around the family table. When that happens, I believe we will no longer have a generation that does not know Jesus. Jesus makes Himself available to us as we seek Him. Let’s go looking together. Take the Foundation for Healing Field Trip this September!

## B4P Friday Night Online Healing Prayer Services

A dynamic international B4P meeting kicks off at 7:30 pm NY time on Friday nights to release healing power through the Blood of Jesus Christ for His glory. Participants write in the comment section and receive prayer.

This week Linda wrote, "I am suffering from trigeminal neuralgia. Been so exhausted. I am trusting in the Lord... Still need to finish up the move from Georgia. Surrendering it all to the Lord. Please pray for me. Love you guys!"

Immediately our B4P Online community responded from the USA and Australia typing prayers for Linda. Ed and I began to pray for her from the studio, rallying the support of all online. The Word says, "Unity commands the blessing." In B4P we do what God says and we see His power released for His glory. As we obey God's Word we experience His miracles. Since B4P has initiated online healing prayer we pray for others as we would on the mission field. We gather the community as His servants. Unified in Jesus, we pray for people's needs.

Another message came in saying, "Thank you Annette and Ed and the

prayer team. Your prayer and support has been a blessing to me. Praise Jesus!!"

Renae in Australia wrote, "Every word spoken here today will not come back without achieving what it is sent out to do!!!! Signs, wonders, and miracles."

Soon after we ended the B4P Facebook Live program Ed told me he received a message from Linda saying she received healing. Quickly, we logged on to report in a brief part 2, giving glory to God!

That night this message came in. "God just healed me of an impending migraine. Never had one stop like this through prayer. This is a BIG deal for me, these migraines make me sick for two or three days. I LOVE YAHWEH...I am going to dance in the garden. This God of ours is so good."

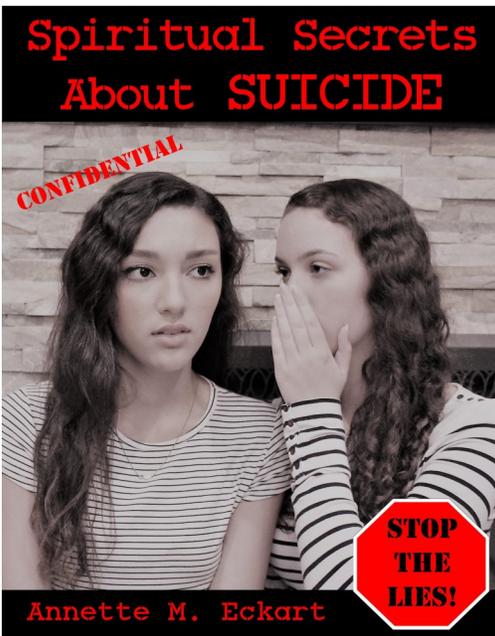

We plan to continue to help people online including pastors in Guyana, priests in Rome, and online ministry for the Inter African Christian Missions in Liberia. This week we will be online at 6am for Foundation for Healing with Randwick (Australia) as organized by Sally, B4P Australia leader.

Especially at this time of economic hardship for so many, we express

our continuing gratitude to our amazing donors that have helped B4P establish our studio and reach out further than before. I would like to share with you a note from a recent donor that reflects sacrificial giving.

"...thank you for taking time to talk to me on the phone...I got your book *Spiritual Secrets about Suicide*. I read it in two days, which is a record for me! Now I will re-read it... It was extremely helpful and very enlightening. ...when I was informed three weeks ago that I had been terminated—I was shocked! Even with the pandemic it was unexpected. I was there almost 15 years...and I loved the job! ...but God obviously has a plan for me. Though I had been terminated (the company) sent me an "extra" check. I would like to give B4P the tithe from the check. Maybe you can use it as a seed..."

This is why B4P is flourishing. The sacrificial seed our contributors sow into the ministry. God waters and protects your financial gift to B4P and it grows to provide spiritual strength worldwide. Your giving touches our hearts and most importantly, the heart of God! Even though circumstances change, our purpose never changes. Together we bring healing to the nations through the blood of Jesus Christ.

## Testimonies to Healing Online and On the Phone

A husband and wife testify after their visit to the B4P Healing Prayer Suites.

Wife: We are just so grateful for the opportunity to pray with these beautiful ladies from Bridge for Peace. And how they in their faith, in their strength, in their belief, and in walking in the fullness of what God has for them were willing to pray with us over issues that we really needed agreement in prayer for. Although we believe, it is necessary sometimes to have that prayer, someone to come who is not wavering, not doubting in any way, but believing for healing, wholeness, and all that God has for us.

Husband: You come at a time when hope is needed. Hope is paramount in our life at this particular point. When you receive bad news in the world and then you come in contact with ladies who are firmly planted in God, that hope abounds. I know the promises that God has given me and we are standing on the promises, but they are reinforced by the Scriptures that the ladies brought forth to us and the prayer that they prayed over the both of us for the healing of our bodies. And God's got more plans for us.

Wife: Yes. We love that you affirmed that we have a future, we do have a hope. I'm not going to be a cripple; he is not going to die of cancer. We are going to be made whole and healed. God is going to see us through this.

Husband: Yes, He is not done with us yet.

Wife: Thank you, thank you, thank you for affirming that, praying for that, and giving us the strength and the hope to walk in this healing.

## Email Testimony after Phone Prayer

... thank you so much for speaking with me and helping me feel closer to God. You touched my heart and I feel like my depression is lifting. I feel the Holy Spirit in my heart because of your gifts, teaching, and the prayers you prayed over me and with me. (*The Blood Covenant Prayer is available on [www.bridgeforpeace.org](http://www.bridgeforpeace.org)*) I read *Spiritual Secrets about Suicide* after we spoke. I was able to receive the message clearly because of your gift of helping me understand many things I needed to know. *Spiritual Secrets about Suicide* was amazing!...
