## AU Fiery Firsts Reaching the Heights

*"The importance of prayer support is immeasurable"*

On 7 May 2018, eight very enthusiastic Aussies met at Sydney's International airport to embark on what we knew was going to be an extraordinary mission. We had a very high standard to uphold as it was the first Ugandan mission without Ed and Annette or any of the US Bridge for Peace family. Preparing for months we were indeed high on the Holy Spirit. He ushered us through our baggage check in without any problems, despite excess baggage. And, regardless of delays, nothing could dampen our enthusiasm. 24 hours later we arrived at Entebbe

and were escorted to our hotel in Kampala. We had one day's 'rest' where we sorted all the things that we had brought with us for the children, the school, and various events so that they were easier to distribute.

Early the next day we set off for Kasese, another day's travel before we could begin our mission. The trek was filled and fuelled with praise and worship and making plans. We stopped at the BfP plantation to see the Eucalypt trees and other crops which were thriving. We blessed the family that works there

and gave the children very welcome sweets.

The following morning we began our spiritual journey. The name we chose for the group was long but very meaningful. We are the *A.U. Fiery Firsts Reaching the Heights Team*. The meaning of which is Australian/Ugandan, Fiery (due to the incredible input of the Holy Spirit), Firsts (so many of them for BfP), Reaching the Heights (climbing mountains to meet our brothers and sisters in their homes).

Joel!

(Continued from page 1)

We travelled to the Children's Village to see both the children and the progress of the School. After interaction with the children we took the house-mothers aside and ministered to them with soaking prayer and massage to acknowledge their importance to us, the children, and to God. The men were also taken aside for ministry and prayer. Our workers are such a blessing to us.

The excitement everywhere we went was tangible from visiting prisoners in 2 jails to holding the first ever Women's Conference and Youth Conference, both of which were extremely well-attended and very blessed. We also travelled to heights where no other evangelists had ever been during our 3 days of moving from house to house! Sally preached at the evening vigil for Pentecost and at the end our host asked the team to bless the congregation—the Holy Spirit came and gave His gift of tongues. Every person appeared to receive this most holy gift and the praise was literally out of this world. Service began at 8.30pm, we left at midnight but the praise went all night until 6am on

Sunday morning. What a beautiful way to praise our God.

The Outreaches to various parishes were also powerful:

**At Katwe** we felt lethargy as an effect of the witch doctor/demonic influence. After much praise we prayed over the community.

**At Ibanda** we spoke about problems that we all face: alcohol, drug addiction, deserted families, illegitimate children, shame of rape, children that leave God, and how faith in God and His word helps us to overcome fear and worry as we deal with these problems in our own families.

**At Kyarumba**, which had a violent history, we spent 2 days in prayer. They prayed the Blood Covenant prayer, received the gift of tongues and many healings were experienced. One woman who had been there the first day testified that she went home and prayed over her children who also received the gift of tongues and as they prayed together in tongues the grandmother who had lost full use of her hands was healed and on the second day was able to go out and work in her garden, a task that she had not been able to do for

some time.

Everywhere we went the prayer rooms were so full that at the end of each day we had to line people up who hadn't yet received prayer and pray a blessing and healing over each (instead of more one-on-one ministry time) and still the healings flowed. Our God is such a generous God.

I think for most of the team, the house to house ministry in the villages and on the mountainside was the most rewarding. Our Ugandan team was such an inspiration and help to us. They sustained us with their wonderful praise singing and accompanied us for the mountain visitations. None of this would have been possible without the prayerful support of the wider BfP family. The importance of prayer support is immeasurable.  
—Deidre Herring, NSW, Australia

*Editor's note: Deidre experienced the supernatural healing and empowerment of God in scaling the heights. Knee and lung problems could have kept her at lower levels, but the worldwide BfP community prayed for her healing and God was, as always, faithful to perform His Word.*

## Text excerpts from team on the fly

“At the prison we were able to lay hands on those who wanted prayer...We saw most of the prisoners give their lives to Jesus...”

“Today we went to Ibanda, up into the mountains. We went believing we were ‘atmosphere changers’ armed with Mark 6:11-12. We went out into the village homes and preached. We saw demons cast out and many healings. We anointed with oil and saw the lame walk and the blind healed. How great and faithful is God. Everyone left rejoicing and praising God.”

“We saw backs, knees, heels (possibly spur) & headaches healed, but the one that impacted us the most was a small mute boy who could speak after Frank prayed over him.”

“Tim prayed for a toddler with malaria and he got up out of bed and stood up. My favorite was a lady

who had a fall and has been in pain for seven years—she was set free! “

“Thank you all for prayers. They have supported my knees, my poor sleep & long hours. The rewards have been out of this world. Woman with paralyzed arm that wouldn't stop shaking—totally healed. Man on crutches for 4 yrs walked! Hugely swollen face restored & so much more.”

“Prayed over a woman, at Katwe, who had lost the sight of left eye through cancer. Prayed over her eye, no change in scarring but sight restored in full. She was able to see detail in small picture with good eye covered.”

“Yesterday was amazing, we definitely finished in a blaze of glory. They had over 1000 youth - way beyond expectations. They got the message we had for them from the skit and from the preaching and testimonies. God is sooo good. Tim made an awesome Jesus!”

Ministering to CV moms

“10, 9, 8...God is Great!”
